

Ahmed Sobhy

WEB DEVELOPER, FULL STACK WEB DEVELOPER

EGYPT, Alexandria | +201099886353 | ah.sobhy07@gmail.com

Objective

A highly motivated Full Stack Web Developer and technical student with a strong foundation in software engineering, cybersecurity, and network architecture. Experienced in developing full-stack web applications, logic-based expert systems, and hardware-integrated security frameworks. Eager to leverage expertise in PHP, JavaScript, Java, and C++ to build robust, user-centric, and secure digital solutions.

Experience

Full Stack Web Developer | Independent Projects

- Developed and deployed **MediTrust** (meditrust.great-site.net), a pharmacy-related expert system utilizing logic-based algorithms for drug excipient recommendations
- Designed and built a professional, interactive event web application (scheduled for May ٢٠٢٢) featuring custom countdown timers, location mapping integration, and personalized guest entry systems.

Cybersecurity & Hardware Integrator | Graduation Project (BugsBunny)

- Collaborating across a multi-disciplinary technical team spanning Artificial Intelligence, Cybersecurity, Network Engineering, Embedded Systems, and Software Development.
- Working under the academic supervision

Education

Bachelor of Science in Engineering / Computer Science

- **Relevant Coursework:** Web Development, Object-Oriented Programming (Java), Database Management, Data Structures, and CCNA (Network Engineering).
- Successfully executed intensive academic bootcamps covering core computer science concepts, network topologies, and advanced software architecture.

Skills & abilities

- Programming Languages: C++, Java, PHP, JavaScript, SQL.
- Web Technologies: Full-Stack Web Development, Front-end UI/UX, Web Hosting.
- Networking & Security: Cybersecurity protocols, Vulnerability Simulation, CCNA networking concepts.
- Tools & Hardware: VS Code, Raspberry Pi hardware integration.
- Soft Skills: Agile team collaboration, project scheduling and task management (Notion), complex problem solving.
